		SHEVLIN-CLARKE COMPANY:—See <i>Timber Licenses</i> .
1922	189, 232	SUPPLY AMENDMENTS:*
		That this Legislature condemns the policy of the present Government in borrowing moneys under the Hydro-Electric Act, R.S.O., Chapter 39, Section 14, which requires that such sums as the Lieutenant-Governor in Council may deem requisite for the purposes of that Act, may be paid over to the Commission and shall be accounted for and audited as prescribed by the Act and in defiance of the express provisions of the said Act, in illegally diverting and misappropriating moneys so raised for highways and other purposes without the authority or consent of the Legislature and that a statement of the accounts of the Province should be furnished at once by the Provincial Treasurer to show what sum has been so improperly diverted and misappropriated, since the thirty-first October, 1919.
1923	279-81	That in the opinion of this House, in view of the fact that the first plank in the United Farmers' Platform was to cut out all expenditure that was not absolutely essential. And, further, that the Farmer members of this House were elected for the purpose of securing legislation that would have for its object the amelioration of the disabilities under which Agriculture in Ontario has laboured. Therefore, we regret the failure of this Government to live up to the ideals which brought the Farmer Movement into being and placed this Government in power.
1924	108-9	That in view of the increasing expenditure necessary to meet the obligations of the Province, this House urges the Government to exercise the most rigid economy and to so administer the finances of the Province that the Budget may be balanced yearly.
1922	136, 139	TIMBER LICENSES: On Bill to vary and validate the timber licenses by Shevlin-Clarke Company, Ltd.
